Did you know?

We're a community cafe run by a local charity that serves the local community in partnership with churches, agencies and community groups.

Most of the people serving you are volunteers.

Our delicious cakes and the regular fruit and cheese scones are made by our cooks at The Well, as are our quiches, our chillis, and our soups in the winter.

Our tea is either fairtrade or part of the ethical tea partnership, and our coffee comes from Kingdom Coffee - "coffee with a conscience".

One more thing: we have a shared table tradition for those who like to meet others. If this is you, either let the Front of House know, or stand the 'Happy to share' sign up on your table.

We hope you enjoy your visit!
